REMINISENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

On the 2d of July, 1876, the criminal proceedings against Loren Coburn and his four companions, who for nearly a year had been under a charge of murder growing out of the death of Alexander Rea in the struggle for the possession of the wharf and chute at Pigeon Point, came to an end with the acquital of the defendants. The five defendants consented to a joint trial before a jury in the District Court, and the verdict freeing them of the charge was secured without the necessity of offering evidence on their part. For the prosecution practically the same evidence was introduced as at the first hearing. At the conclusion of the case for the prosecution the case was brought to a sudden end by the Court sustaining a motion that the jury be instructed to return a verdict of acquittal upon the ground that the State had failed to make out a case. Judge Daingerfied promptly accepted the view that the District Attorney's office had failed to connect either of the accused men with any crime, and under his instructions the jury returned the verdict of not guilty and Coburn and his codefendants were discharged. This action caused some indignation among the people of Pescadero, who were inclined to the opinion that the men merited some punishment, while generally the sentiment of the people of the county seemed to applaud the result.

There was born in Redwood City on the 8th of June, 1876, to Mr. and Mrs. A. Underhill a son.

A few days after the acquittal of Loren Coburn of the charge of murder growing out of his struggle to gain possion of his property, he was given title to the Pigeon Point chute by a judgement of the courts. In handing down his decision Judge Daingerfield found that the rights of Coburn had beem upheld by other court decisions and expressed some astonishment that the man had not been put in possession of the property long before that time.

At the meeting of Metamora Tribe Order of Red Men in the latter part of June officers for the coming term were elected as follows: G. H. Jacobus, sachem; l. G. Jackson, senior sagamore; W. J. Welborn, junior sagamore; M. Prebble, chief of records; A. Underhill, keeper of wapum; W. R. Thomas, A. McPherson and James Crow, trustees.

This beeing the Centennial year, the Fourth of July was oboserved with more than usual fervence in San Mateo County, and especially in Redwood City, where the exercises of various characters filled a full 24 hours, and where the celebration was a most elaborate character. The celebration began with the firing of a salute with the town's cannon at midnight, and this was followed with a continual racket until daylight. The regular exercises were opened with religious services at the Congregational Church, which was handsomely decorated for the occasion. The services were conducted by the pastor, Rev. H. E. Jewett. At 11 o'clock there was a monster procession. This formed on Main street, infront of the fire house, under command of Alexander McPherson, Jr., the Marshal of the day, and was led by the members of the fire department. One of the features of the civic portion of the parade was the turnout of Bay View Lodge of Odd Fellows which appeared in the parade with almost its entire membership. The literary exercises were held at Germania Hall and were presided over by H. N. Nutting as president of the day. The oration was delivered by Hon. T. G. Phelps and the pupils of the public schools furnished a large portion of the musical program, rendering a number of partiotic songs. For the first time in the history of such occasions in the town there was an elaborate exhibitiou of fireworks. This was preceeded by an illuminated procession, another new feateur, and to close the festivities there was a ball at the Germania Hall after the fire works;

On the afternoon of Saturday July 15th, the people of the town were shocked by the announcement of the deliberate self destruction of a man who had made himself popular with residents of every class, the victim of his own rash act being W. H. Shreve. He had been in the employ of Chamberlain & Wilcox for several month, in fact ever since that firm had taken charge of the buisness, having been an old employee of the firm which preceeded them. During the greater part of the day Shreve had been at work about the store as usual and had made his regular trips to the depot as driver of the Wells, Fargo express wagon, and had given no intimation that anything was wrong. Late in the afternoon he was noticed to cary out a lot of papers from his room in the rear of the store and to burn these in the yard, but no attention was paid to the act at the time as it was supposed that he was simply tiding up the place. Shortly after burning the papers Sheve returned to his room and a few moments later the sound of a pistol shot folowed by the fall of a heavy body was heard from the room. With the sound of the shot Mr. Chamberlain rushed into the room and found Sheve lying on the floor. Realizing the nature of the act, Mr. Chamberlain first summoned medical aid, but when the physicians arrived there was no occasion for their services as the man was dead and probably had been almost from the instant of the discharge of the pistol. So far as known, the deceased left no relatives in this state, alough he was supposed to have a father and brother and sister in Philadelphia. No cause for the rash act was determined, nor could one be conjectured, for the dead man was held in heigh esteen by the people of the town and appeared to leave his affairs in good circumstances. He has long been a popular member of the fire department and his remains were laid to their last resting place by the members of the organization.

GRAND HOOPER BOULEVARD IS OPEN TO THE PUBLIC.

The grand boulevard through the Hooper tract and across the near-by hills is completed and has been open to traffic for the past two months. The road is one of the most scenic in the county, affording a fine view of the bay and valley. Its heaviest grade is 4 1-2 percent, making it an ideal drive for autoists, and since its opening it has been much used. The road leads over into the Canyada and joins the West Union road, a good driveway leading north to the Spring Valley lakes and south through Woodside and Portola. The cost of the Hooper road is approximately $18,000.

After the first rains the road will be closed to traffic until spring when it will be again opened and macadamized.

H. C. Tuchsen who represents the Hooper interests here has a plan which he hopes to carry out and which will add to the attractiveness of the Hooper property and make the drive still more popular. His scheme is to construct a reservoir near the stone fence at almost the summit of the hill where a lake will be formed, covering an area of seven acres and of a depth of twelve feet. This lake would form a fine bathing place, or if stocked with fish would attract the sportsmen who favor the rod and reel. The expense of such an undertaking would be trifling compared to its benefit to the property and Mr. Tuchsen is quite confident that it will be carried out.

SALE OF THE OCEAN SHORE IS POSTPONED.

The sale of the properties of the Ocean Shore railway was postponed for 60 days by United States District Judge Van Fleet Tuesday in accordance with the petition recently filed by Attorney Gavin McNab, representing some of the heavy bond holders. It was also ordered that the amount to be paid down on the purchase price by the bidders or the properties be raised from $131,000 to $141,000.

McNab stated that no further continuance would be asked; that by the end of 60 days he would have prevailed upon 90 per cent of the bond holders to enter the pool for their own protection in preventing the sale of the property at a present ruin figure.

It is rumored that a French syndicate has opened negotiations for the purchase of the railroad's properties. Though the agents of the concern have kept in the background, it is said, some of the bond holders have been sounded to learn at what price they hold their interests.

MANUEL STILL REIGNS AS TO NATURALIZATION.

There's no republican form of government in Portugal as far as recognition from the United States is concerned, according to judgment rendered in this matter on a naturalization case by Assistant United States District Attorney Blazer of San Francisco at the request of County Clerk Jos. H. Nash.

On Saturday Frank Ferriera of Burlingame, who was born in Portugal, appeared before County Clerk Nash and declared his intention of becoming a citizen of this country. Nash was stumped and did not know whether to label Ferriera as a subject of a kingdom or a republic On applying to Blazer he was informed that, as far as the naturalization bureau of the Department of Commerce and Labor was concerned, Ferriera stills owes allegiance to a kingdom, although King Manuel now holds forth at Wood Norton, England, rather than in Lisbon.

"13" Stamp Discarded.

The day of "13" as a postage-stamp denomination is fast waning and soon will be known only to philatelists. Every postmaster is being notified by the department at Washington that the supply of 13-cent stamps has been exhausted. The 13-cent stamp was first authorized as a convenience to the public, being a combination of the registry fee of 8 cents and the foreign postage of 5 cents.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

There is talk of reopening the old water freight transportation line. Apparently Redwood City is about to come back to her own.

No sir, the shoe factory is not dead, neither is it sleeping. While not much noise is being made, the business is being pushed with every indication of ultimate success.

No one will question the need of economy in the administration of the post office department, but that is a mighty poor excuse for the issuance of the cheap flimsy thing that is now being issued as a substitute for the old postal card.

Now that the elections are over, we can say without incurring suspicion of partisan bias, that the many continuing arrests of wealthy people endeavoring to smuggle articles of luxury in at New York answer the charge that the Republican tariff law hits only the poor.

The re-election of Dr Blackburn as supervisor from the Fifth district shows that the people either believe in his innocence or they resent the policy of condemning a man before he is tried. It is also a protest against outside interference by newspapers in their local concerns.—San Mateo Times.

NOW LET US GET TOGETHER.

Now that by our votes we have selected the men to whom the conduct of of our public business is to be intrusted, let us drop our political differences and unitedly lend them our aid and encouragement in the discharge of their duties. They are each one of them entitled to every assistance and encouragement that can be given by a united people. That each one will do the best that is given him to so conduct the affairs of the public as to secure the greatest good for all no one need question.

During the excitement of the campaign, the Times-Gazette refrained from personal criticism for the reason that we believed that the contest for office was largely a personal one; that each of the candidates seeking preferment was worthy of the position he sought. With the same feeling this journal now stands ready to lend to each, whatever assistance and encouragement lies in its power. So should every good citizen.

Especially is this true in our local affairs. The people of San Mateo county cannot afford to allow either personal ambitions or party differences to divide their allegiance to the interests of the county, or to retard the efforts for its development. That this section is an ideal spot for either a home or a business enterprise on one at all familiar with its surroundings will question.

If, however, we are to receive the benefit of these advantages we must unite in making known to the outside world the opportunities we have to offer, rather than advertising its blemishes, if per chance any such are to be found. Not only should we pursue that course among ourselves, but we should discourage the practice among envious neighbors. By pursuing this course and this course alone, can San Mateo county secure that place in the estimation of the world to which it is entitled.

THANKSGIVING PROCLAMATION.

Following is the text of President Taft's Thanksgiving Day proclamation:

"The year of 1910 is drawing to a close. The records of population and harvest, which are the index of progress, show vigorous national growth, and the health and prosperous wellbeing of our communities throughout this land and in our possessions beyond the seas. These blessings have not descended upon us in restricted measures, but overflow and abound. They are the blessings and bounty of God.

"We continue to be at peace with the rest of the world. In all essential matters our relations with other peoples are harmoneous, with an evergrowing reality of friendliness and depth of recognition of mutual dependence. It is especially to be noted that during the last year great progress has been achieved in the cause of arbitration and the peaceful settlement of international disputes.

"Now, therefore, I, William Howard Taft, president of the United States of America, in accordance with the wise custom of the civil magistrates since the first settlements in this land, and with the rul established from the foundation of this government, do appoint Thursday, November 24, 1910, as a day o national thanksgiving and prayer, enjoining the people on that day to meet in their churches for the praise of Almighty God, and to return heartfelt thanks to Him for all His goodness and loving kindness."

Waiting for the Factory

H. C. Tuchsen who has been active in the movement to add a shoe factory industry to this city states that last week he and his associates communicated with the San Francisco firm desiring to locate here and they were informed that since the movement was begun three other cities—Los Angeles, San Jose and Napa—had entered the compteition to secure the factory. The shoe factory company favors Redwood City and it is hoped that when a decision is given this city will be selected.

Wanted—For family use. A fresh milk cow to rent. Good care and feed. Address Box 43, Menlo Park, P. O.

Pomponia

J. G. Anderson has been away for the last three weeks looking for a good business loaction. He has succeeded in finding one in Sunnyvale where he will engage in the grocery and butcher business.

The roads are in fine condition since the last rain.

The farmers on the Pomponia will be through hauling their grain in a few days.

Mr. Anderson left his auto at Redwood City and drove over to the Pomponia with a team belonging to Johnnie Feliz.

The quail seem to be as plentiful now as they were at the opening of the season.

The new butcher shop in San Gregorio seems to be doing a good business.

Johnnie Feliz was over to the Pomponia for a few days las week. His many friends here are always glad to see him come.

Mrs. Ben Fassler is putting a new foundation under his house.

Seized with an attack of heart failure while at work moving some lumber at a local mill, James Randall Bickford, one of the county's widely known pioneers, died suddenly Monday afternoon shortly after being helped to his home at 325 D street, San Mateo. Bickford, who was 78 years of age, was more than locally famous for his ability to bend animals, both tame and wild, to his will, Bickford's services were greatly in demand for the training of wild horses, and he also had a great command over all manner of game. He left an estate consisting of a large amount of valuable realty to his family which consists of a wife and several grown children.

Plans for City Hall.

The members of the city council held a conference Monday night in the office of Attorney Mansfield at which plans for the new city hall were fully discussed and outlined. It was decided to issue a call to architects for plans.

Local News Notes

Henry C. Offermann of this city, and Miss Mattie Tufts of Palo Alto are married Saturday in San Jose. The young couple will make their home at Palo Alto.

The attendance at the benefit given the Woman's Club at the Bell Tuesday and Wednesday evenings was so large that the theatre was filled. The singing of Harry Scanlon on both evenings was an enjoyable feature.

Dr. A. Miles Taylor and Albert Mansfield are at San Diego in attendance on the session of the California League of Municiplaities, the former representing the local board of health and the latter the city council.

Rev. J. E. Young has been appointed pastor of the Methodist Episcopal church of Redwood. The usual Sunday services will be as follows: Sunday school at 10 a. m.; preaching services at 11 a. m., and at 7:30 p. m.; Epworth League at 6:30 p. m. All are cordially invited to attend.

Must Win the Fight.

There is no division of sentiment in California on one thing, viz.: The place of holding the 1915 Exposition in celebration of opening the Panama Canal. From San Diego to Siskiyou the cry is San Francisco. San Francisco's only opponent is New Orleans. But New Orleans is no weak sister She has the Mississippi Valley States pulling for her, and the Pacific Coast States must put up a strong fight to win. With San Francisco's offer of financial assistance properly placed before the Legislature in extra session, a proposition to bond the State for $5,000,000 will go to and will be endorsed by the people in November. The fight up to this point so gallantly made for this exposition must not be lost.—Napa Register.

I will be in attendance to receive taxes at all times in my office in Redwood City. Owing to the great increase of business in the Tax Collector's office, it will be impossible to make collections in the different towns. So far as possible, all tax-payers will be notified of the amount due, and should any tax-payer not receive notice within a reasonable time, a card (giving his name and address, with a description of the property) will be promptly answered.

Tax Collector of San Mateo County.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

There is talk of reopening the old water freight transportation line. Apparently Redwood City is about to come back to her own.

No sir, the shoe factory is not dead, neither is it sleeping. While not much noise is being made, the business is being pushed with every indication of ultimate success.

No one will question the need of economy in the administration of the post office department, but that is a mighty poor excuse for the issuance of the cheap flimsy thing that is now being issued as a substitute for the old postal card.

Now that the elections are over, we can say without incurring suspicion of partisan bias, that the many continuing arrests of wealthy people endeavoring to smuggle articles of luxury in at New York answer the charge that the Republican tariff law hits only the poor.

The re-election of Dr Blackburn as supervisor from the Fifth district shows that the people either believe in his innocence or they resent the policy of condemning a man before he is tried. It is also a protest against outside interference by newspapers in their local concerns.—San Mateo Times.

NOW LET US GET TOGETHER.

Now that by our votes we have selected the men to whom the conduct of of our public business is to be intrusted, let us drop our political differences and unitedly lend them our aid and encouragement in the discharge of their duties. They are each one of them entitled to every assistance and encouragement that can be given by a united people. That each one will do the best that is given him to so conduct the affairs of the public as to secure the greatest good for all no one need question.

During the excitement of the campaign, the Times-Gazette refrained from personal criticism for the reason that we believed that the contest for office was largely a personal one; that each of the candidates seeking preferment was worthy of the position he sought. With the same feeling this journal now stands ready to lend to each, whatever assistance and encouragement lies in its power. So should every good citizen.

Especially is this true in our local affairs. The people of San Mateo county cannot afford to allow either personal ambitions or party differences to divide their allegiance to the interests of the county, or to retard the efforts for its development. That this section is an ideal spot for either a home or a business enterprise on one at all familiar with its surroundings will question.

If, however, we are to receive the benefit of these advantages we must unite in making known to the outside world the opportunities we have to offer, rather than advertising its blemishes, if per chance any such are to be found. Not only should we pursue that course among ourselves, but we should discourage the practice among envious neighbors. By pursuing this course and this course alone, can San Mateo county secure that place in the estimation of the world to which it is entitled.

THANKSGIVING PROCLAMATION.

Following is the text of President Taft's Thanksgiving Day proclamation:

"The year of 1910 is drawing to a close. The records of population and harvest, which are the index of progress, show vigorous national growth, and the health and prosperous wellbeing of our communities throughout this land and in our possessions beyond the seas. These blessings have not descended upon us in restricted measures, but overflow and abound. They are the blessings and bounty of God.

"We continue to be at peace with the rest of the world. In all essential matters our relations with other peoples are harmoneous, with an evergrowing reality of friendliness and depth of recognition of mutual dependence. It is especially to be noted that during the last year great progress has been achieved in the cause of arbitration and the peaceful settlement of international disputes.

"Now, therefore, I, William Howard Taft, president of the United States of America, in accordance with the wise custom of the civil magistrates since the first settlements in this land, and with the rul established from the foundation of this government, do appoint Thursday, November 24, 1910, as a day o national thanksgiving and prayer, enjoining the people on that day to meet in their churches for the praise of Almighty God, and to return heartfelt thanks to Him for all His goodness and loving kindness."

Entertainment for Thanksgiving.

A program of exceptional excellence will be presented Thanksgiving Eve in the Parochial hall by the children of the Parochial school. That Palo Alto Nuisance

The authorities of Palo Alto are maintaining a scavenger plant on the six acres of land owned by Miranda Mills in this county and just north of St. Patrick's Seminary at the junction of the Middlefield and Willow roads. The stinch is so unbearable that one has to hold his nose in passing within a mile of the plant. All the filth, refuse and dirt of the college town is brought to the plant, piled up and burned at the leisure of the Italians who have the contract for the town. The authorities will not permit it to be burned in the limits of the municipality of Palo Alto nor will it be permitted to be dumped or destroyed in any part of Santa Clara county, yet these saintly, sanctimonious, uncharitable officials across the creek are willing to have this fever-breeding, death-dealing and pestilence-carrying garbage placed in the midst of their neighbors, perhaps to bring death and ruin to many families. It is about time the people of this community would put a stop to this sort of thing and have Palo Alto understand that such violations of the law will no longer be permitted. Th county health officer should lose no time in declaring the plant a menace to the health of the community and get rid of it.

The Great Kuhn Project

Over 200,000 acres in the great Sacramento valley now being opened up. One of the finest propositions of its kind ever offered in California The people behind it represent $200,000 , and are consequently in a position to guarantee the fulfillment of their promises. The land is now being prepared for irrigation, platted into 20,40,60, and 80 acre plats, streets cut and graded, one road thirty-seven miles long in a straigh line 90 feet wide now being rushed to completion, after which trees will be planted on both sides, and when completed will not have its equal in California. The land is being offered for sale in pieces of not less than 20 acres, at $125 per acre, $15 per acre cash, and the balance in ten annual payments, with interest at 6 per cent net payable annually. Interest starts in April 1911. We guarantee you all the water you can use at $1.50 per acre per year, and after the system is completed we expect to be in the position to offer it still cheaper. Excursions are run every Friday from San Francisco. Round trip tickets good for seven days for $6.10. Meals at Company's new hotel for 35 cents, beds 50 cents. If after purchasing 20 acres you should decide that you like another piece better the company will let you exchange it if pric is the same, if price is higher you can exchange for the difference. At the present time all the land is being held for $125 per acre. For more detailed information and hand some books and maps of this great proposition, which will answer almost any question, you might ask or call at the office of the Redwood City Realty Co., 208 Main street, who have just been appointed exclusive local agents for same.

PALO ALTO OFFICIALS ADVISE GARBAGE DUMPERS.

Santa Crara County Officials are the Abetters of Crime.

P. Delfano and D. L. Vienenguisy were fined $25 each by Judge Hannon yesterday for dumping garbage and refuse on the Willow road near Menlo Park. The men hauled the garbage from Palo Alto. They gave the startling testimony that they were told by Senator Black and City Engineer Bixby of Palo Alto to do so that it would be all right. This was held as no excuse for the crime by the court. However, if what the men swore is true the authorities will at once begin action against Black and Bixby and seek heavy danages for their advice to the Italians who were ignorant of the existing ordinance making a misdemeanor to dump garbage on the public highways of the county. The men were convicted under ordinance 141, passed and adopted by the board of supervisors some time ago. The southern end of the county has been for some time the dumping ground for Palo Alto as is the northern end for San Francisco and it is about time something was done to protect the taxpayers residing in these portions of the peninsula.

Dr. Blackburn was elected to the same office of supervisor of the Fifth township that he has held for the past four years. Four years ago he had a majority of sixteen and this time he is elected by a majority of Thirty eight,. more than twice as much as before, which shows that the people wanted him. He has done so much good work in the past four years that it is certain he will continue to do so in the next. The concrete work he has done is good and will last for years. He is a man that can talk and understand what is said to him. We are very sorry to hear that he is in trouble but earnestly hope it will leave him as water does a duck's back. Carl Coburn does not like the doctor and thought he could get many against him and did not think when confessing that it would go back on him as a rubber ball which bounces. Karl was supervisor of this township and fully knows whether or not he was true to the people. Dr. Blackburn did not secure a petition for our postmaster and then throw him down. Can Mr. Coburn say anything in regard to this? A. FRIEND.

BLOCKADED

Every Household in Redwood City Should Know How to Resist It.

The back aches because the kidneys are blockaded.
Help the Kidneys with their work.
The back will ache no more.
Lots of proof that Doan's Kidney Pills do this.
It's the best proof, for it comes from Redwood City.
Mrs. A. H. Lanfear, Heller and Chestnut streets, Redwood City, Cal., says: "We consider Doan's Kidney Pill an excellent remedy and can give them the strongest recommendation. About three years ago they were first used in our family, when we lived in Buffalo, N. Y. Their use in my case brought prompt and positive relief from pain and lameness in the back and other distressing difficulties due to weak kidneys. To say the least, the results were gratifying. Another person in our household who suffered from backache found Doan's Kidney Pills very effective and has ussd them off and on since then with good results."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

Uncle Sam evidently has not had a very prosperous year and will have to economize some in order to catch up. To all those who find it necessary to economize, we suggest that they patronize this laundry. If we cannot please you with the method of our laundering, there's no laundry that can please you. The work we do is recognized as being as near perfection as it can be made.
